Subject: RE: Truck route maps? FW: Hunters Point - New School
Attachments: Truck Routes Feb2017 11x17 LSCP v2gold.pdf; smime.p7s

Hi Lily,

FYI, the attached map shows the truck routes to/from Hunters Point that our contractors use.

V/r,
Danielle Janda
(619)524-6041

Subject: [Non-DoD Source] Truck route maps? FW: Hunters Point - New School

Parents of the New School wanted to know about truck routes. I could only remember off the top of my head that you had distributed at the 12/15 community mtg the attached Parcel E-2 truck route along Crisp Road. But I assume that some trucks are also going out on Galvez still? I was wondering if you could get to Mr. Bobel the most recent version of whatever truck routes are currently in place. I'd appreciate it! If you could also later send it to me and Jackie, then we can have it handy for if we get the same question from anyone else.

Thanks!

- Lily

Subject: Hunters Point - New School

Dear Mr. Bobel,

It was good to talk with you last Tuesday about the concerns from the parents of students in the New School, which will move closer to the Shipyard in June to the site of the Malcolm X school. I apologize for the delay in following up. As we discussed by phone, the Navy is the lead on the cleanup. I would like to introduce you virtually to Derek Robinson, the Base Realignment and Closure (BRAC) Environmental Coordinator. His phone number is 619-524-6026. I let him know that the parents of the New School are interested in meeting to discuss their concerns.

In addition, attached, as we discussed, are the following:

1 - Navy fact sheet about the radiological evaluation process

2 - EPA handout about current residents at the former Shipyard. Tetra Tech, EC, Inc., did not do any radiological work at Parcel A except at Building 322, which was demolished and removed many years ago. An EPA Health Physicist scanned the site afterwards to ensure no levels of radiological activity remained about health based standards.

3 - You asked for the truck route map. See page 4 of the handout about cleanup of the Parcel E-2 landfill for the truck route map for this work. I will look for a map for other work and send it to you separately.

I hope this information helps address your concerns. Please contact me any time with any more questions or concerns.

Lily

Thanks, Lily - call me when you can - 650-279-0464 - the website is very helpful and I sent the link to the New School leadership - I'd like to ask you a few questions and see about getting you to a meeting with key folks there - it's in the Mission currently - and likely co locating with Malcolm X School near the shipyard.

Thanks !! - Phil Bobel

I am out of the office at meetings, checking message occasionally

In the mean time, here is a link to more information about the Hunters Point Naval Shipyard.
